Fashion Favors Fur Fabrics

THESE beautiful furry textures, luxurious in appearance and lending softness to the complexion of the wearer, are especially in fashion's favor this winter.

LAPINEX is a lustrous, black silk-seal—the most democratic of The Shelton Looms fur-fabrics, and the best popular-priced seal plush made.

NISHNI, another member of The Shelton Looms family of seal fur-fabrics, is so like seal that one wonders that so beautiful a simulation can be made. NISHNI is a little longer pile and costs a little more than LAPINEX—and is worth it.

KITSEAL, CUBSEAL, BOASEAL and SEALEX are a few of the several other beautiful simulations of seal, of varying heights and thickness of pile—all lighter in weight and more sanitary than animal fur, but rich and warm in appearance and wear.

A label showing the signature of The Shelton Looms and the name of the fabric is seen in every coat when made of the genuine material.

Ask your dealer to show you garments made of beautiful Shelton Looms fur-fabrics.
